

Noel Leeming Glenfield Clearance Centre Closure

Dear Suppliers,

We recently shared a proposal with the Noel Leeming Glenfield Clearance Centre team to close the store in July this year. We received valuable and insightful feedback on this proposal, including the unique customer offering Noel Leeming Clearance Centre stores provide and the overall store performance and processes, and would like to thank the team for their engagement throughout this process.

When reviewing our store network, we consider performance along with a range of other factors, such as opportunities for future growth, lease conditions and proximity to other stores. After carefully reviewing the feedback received, we have made the difficult decision to close the Noel Leeming Glenfield Clearance Centre to the public on Sunday 17th July.

The Noel Leeming Glenfield Clearance Centre team has developed strong relationships with their customers & suppliers and have always been focused on providing a high level of service. We admire the strong sense of community spirit and would like to thank the team for their hard work and dedication to Noel Leeming.

The buying team at TWG will be in contact with you shortly if any fixtures/stands need to be collected. Any remaining stock will be moved to the Penrose clearance store.

Please reach out to your category manager or supplier relations team if you have any queries.
