

Update on the COVID-19 Protection Framework

Kia ora Suppliers,

Following the Government's recent announcement on ceasing the COVID-19 Protection Framework (Traffic Light framework), there are some changes that we felt important to bring you across.

There is no longer any requirement for visitors to wear a mask when in our retail stores. The same advice has been issued to our team in-store.

Whilst in effect, the COVID-19 Protection Framework had played an important part in keeping our team safe and our stores operational. Thank you for your compliance during this period.

Ngā mihi

Jenny Epke
Chapter Area Lead Buying and Design
